***Notes:**

1) Transaction account is the account number provided to the CTO for charging air/rail tickets. (The transaction account number is always higher than the central account number.)
2.) The central account number is the account number that the Charge Card Vendor (CCV) invoices are under. (NOT the same as the transaction account number).
3.) Expiration date of account (dd/mmm/yy Example: 30APR07)
4.) All CBA labels begin with DN/DA/DM/DF/DD/DJ depending on the related service/agency for easy identification. The label can not exceed 15 characters/spaces and must be unique.
5.) List of DTS Organization(s) by DTS name (example: DX123456) the account will apply to.
6.) If marked "YES" for default, the CBA will auto-populate into the document when the traveler has the 'Exempt' radio button selected in there profile.
Non-exempt defaults air transportation to the travelers GOVCC.
7.) Indicate if the account requested to load will be used for the DTS CBA Reconciliation Module for electronic invoice processing. **(If so, a setup process is required.)**
8.) Identifies the DFAS location that processes the certified invoice for payment. DADS identifies the disbursing station.
