

Computation Example for Leave Taken While on a TDY with Long-Term Lodging (Not Flat-Rate Per Diem) (**JTR, par. 033302**)

The rates and costs used in the examples below may not be current and are for illustrative purposes only. Refer to the [DTMO website](#) for the applicable locality [per diem rates](#).

Step 1.

A traveler is on a TDY at a location at which the per diem is \$136 (\$80/\$56).

Step 2.

Lodging (apartment and utilities) is obtained on a long-term basis for \$900 per month.

Step 3.

The daily lodging cost per month is \$30 (\$900 for 30 days).

Step 4.

In June, the traveler took leave for 10 days and is authorized per diem for only 20 days.

Step 5.

The daily lodging rate during June is \$45 per day (\$900 for 20 days). Since the \$45 per day lodging cost does not exceed the authorized \$80 per day locality ceiling, the traveler is reimbursed \$45 per day for 20 days of lodging in June.
