

Household Goods (HHG) Transportation Other than between Authorized Locations (JTR, par. 051306-C)

Scenario: A Service member is ordered to a permanent change of station (PCS) from Washington, DC to Norfolk, VA. The duty at the new permanent duty station (PDS) is unusually arduous sea duty. The Service member's HHG are transported to a designated place in Detroit, MI. The HHG are later moved at personal expense to Fargo, ND. The Service member is subsequently ordered on a PCS from Norfolk, VA to Key West, FL. The HHG transportation costs to Key West, FL, from Fargo, ND, are compared to the transportation costs of the Service member's maximum PCS HHG weight allowance, less the weight of any other HHG transported at Government expense, from Detroit, MI.
