054307. Storage in Transit (SIT) ([FTR §302-7](#))

B. Additional Extensions for SIT. Only PDTATAC may authorize or approve extensions of the SIT limits in [Table 5-91](#). Under no circumstances may a Service or Agency authorize or approve SIT beyond those limits. SIT beyond the time limitations is not authorized under a TCS order. PDTATAC will consider the merits of individual requests, on a case-by-case basis, for DoD civilian employees who relocated and encountered unforeseen circumstances beyond their control, such as a PCS that is interrupted by en route TDY. PDTATAC will not authorize extensions except under the circumstances in this paragraph.

3. Time Limitations. In accordance with [FTR Bulletin 22-04, the](#) PDTATAC has been granted temporary authority to increase the number of days for SIT extensions that are due to unforeseen circumstances resulting from COVID-19. The PDTATAC may authorize or approve extensions of the SIT period for no more than a total of 730 days. All travel and transportation must be completed within 2 years from the civilian employee's death, transfer, or appointment effective date unless a further extension is authorized under [par. 053712](#).
